Rutherford, New Jersey
Business Terms and Suggestions

CORRESPONDENCE SOLICITED. Write us on business stationery showing you are in the trade, therefore entitled to wholesale prices. We give every inquiry prompt attention, and ask that each inquiry be made as brief and clear as possible.

ORDER EARLY. It greatly facilitates selection and reservation of stock and shipment if orders are received early.

IMPORTANT. Please advise, when ordering, if you wish goods shipped by express or freight, giving best route for quick delivery.

PRICES are net (unless otherwise arranged), and subject to change without notice, and f.o.b. Rutherford, N. J. Packing is charged at cost, but we pack free if cash accompanies the order. We will supply 5 plants at the rate for 10, 25 at the 100 rate, and 250 at the 1,000 rate. Orders calling for less than 5 of a kind (articles on which the price for one plant is not given) are subject to an advance in price of 25 per cent on the price for ten to reimburse us for the extra labor involved in executing them. This Catalogue cancels all sales conditions and prices quoted in previous Catalogues and offers.

TERMS. Cash or satisfactory trade references must accompany all orders from purchasers unknown to us. All orders booked in advance are subject to failure or shortage of crop and delays in delivery beyond our control. To customers whose responsibility is known to us, all bills are due net 60 days from date of shipment—6 per cent interest charged on overdue accounts.

OUR RESPONSIBILITY. While we exercise the greatest care to have our nursery products all genuine and reliable, and hold ourselves prepared to replace, on proper proof, all that prove untrue, we do not give any warranty, express or implied, or guarantee them to live and grow or give specific results. In case of any error on our part, it is mutually agreed between the purchaser and ourselves that we shall not at any time be held responsible for a greater amount than the original price of the goods.

COMPLAINTS. We will make no adjustments unless complaints are made within five days after receipt of stock. Complaints must be made direct to our office in writing. Orders are booked with this distinct understanding.

HOW TO REACH OUR NURSERIES. Visitors invited. Our Nurseries, consisting of 500 acres, are located within 8 miles of New York City. The automobile roads leading to our Nurseries are exceptionally fine. Busses start from Astor and Waldorf-Astoria Hotel Bus Terminals for Passaic and Paterson. Leave the bus at Paterson Avenue and Hackensack Street, East Rutherford, take jitney or trolley passing our Nursery on Paterson Avenue, East Rutherford. Rutherford is the first, and Carlton Hill the second station on the main line of the Erie Railroad. Take the Hudson Tunnel at 33d Street or at Cortlandt Street Terminal—trains connect with the Erie Railroad at Jersey City. The Carlton Hill Station is only five minutes' walk from our Office and Nurseries.

OUR SHIPPING FACILITIES. We are admirably located to ship to all parts of the country, being only 8 miles from New York City. We can ship by express and freight via Erie Railroad from Rutherford, express or freight via D. L. & W. R. R. from Passaic, and by Carlton Hill Express Co., which connects with all railroad companies, boat, and railroad lines leaving New York City and Newark. We advise large orders to be shipped in car-lots from Rutherford, as little or no delay occurs in shipping this way.

AUTO TRUCK DELIVERY. We are in position to make deliveries by auto truck to points within 75 miles of Rutherford, N. J. Charges are made according to the size of truck required and the distance. The advantages of truck delivery are many: the cost of boxing, freight, and cartage is eliminated; the stock is delivered in a much better condition than if packed in cases; and, above all, the goods are landed on the grounds within a short time after being dug. It is the most satisfactory and economical method of transportation providing the order is of sufficient size.

TRANSPORTATION RULES. Our products are shipped and travel at the purchaser's risk. We do not guarantee safe delivery. Our responsibility ceases when we make delivery to the transportation company or on the grounds of the purchaser. The ownership of all goods sold by us passes to the purchaser on delivery to the carrier, and the issuing of a receipt by the carrier ends our responsibility. Any claims for damage should be made promptly to the transportation company's agent at the point of delivery.

Trusting again to be favored with your patronage, and promising our best efforts to give satisfaction, we are,

Yours respectfully,

BOBBINK & ATKINS, Rutherford, N. J.
Evergreens and Conifers

Ask for our price-list on grafted and other Evergreens in small sizes for lining out. For varieties and sizes not listed in this catalogue, please write for prices, stating quantities, sizes, and varieties desired.

3-yr., 6-in. pots... 85 7 00 60 00
Field-Grown Roses

We produce and sell, each year, over half a million Rose plants, in hundreds of varieties for the most critical trade in the world. We have more than 60 acres devoted to the cultivation of Roses and the Japanese Multiflora stocks upon which our plants are budded. After expending large sums of money and time in experimenting with various species of wild Roses for a satisfactory stock to bud on, we have found the Japanese Multiflora the best.

Our Roses are budded low. They form a most remarkable root system. Our soil and climate develop sound, well-ripened wood and splendid roots. Our facilities and methods of storing are the most perfect and efficient that can be devised.

We can supply 500 varieties of Roses, in addition to the following, and will gladly send a copy of our retail catalogue to members of the trade who are interested.

Hybrid Tea, Tea, and Pernetiana Roses

Above varieties in No. 1½ size will be supplied at one-third less than above prices; No. 2 size at half the price of No. 1.
New Polyantha or Baby Roses

These strong-growing Polyantha Roses are particularly recommended for low, ever-blooming hedges. $4.50 for 10, $40 per 100

Else Poulsen. Bright rose-pink.
Kirsten Poulsen. Large, light red flowers.

Rugosa Roses and Their Hybrids

$3.50 for 10, $30 per 100, except where noted

Amelie Gravereaux. Purplish red.
Blanc Double de Coubert. Snowy white.
Conrad F. Mayer. Light silvery pink. $4 for 10, $35 per 100.
F. J. Grootendorst. Bright red flowers produced in clusters the whole season. $4 for 10, $35 per 100.
Hansa. Double; reddish violet.
Hildenbrandseck. Semi-double. Shining, dark, true pink flowers of medium size. $4.50 for 10, $40 per 100.
Novo Zembla. Snowy white flowers, sometimes tinged with faintest pink.
Pink F. J. Grootendorst. Light shell-pink. $5 for 10, $45 per 100.
Rugosa. Large, single, rosy crimson flowers.
Rugosa alba. Shining white flowers.
Rugosa alba plena. Double form of above.
Rugosa rubro-plena. Double crimson flowers.
Rose Species, see page 9.

Climbing Roses

Low-budded. Strong Stock

$4 for 10, $35 per 100, except where noted

Albertine. Coppery chamois-yellow. $6.50 for 10.
Alexandre Girault. Deep carmine. $4.50 for 10.
Alida Lovett. Bright scarlet-pink.
American Pillar. Crimson-pink.
Aviateur Blierot. Saffron, streaked with crimson.
Bess Lovett. Crimson-red.
Bonfire. Very reddish, $5.50 for 10, $50 per 100.
Christine Wright. Wild-rose-pink.

Hardy Herbaceous Perennials

Our hardy perennial plants are strong, mostly pot-grown stock. This enables us to execute orders promptly and economically, and both early and late. We also have field-grown roots of most varieties.

Articles of heavy growth are in field-grown clumps and economically, and both early and late. We also have field-grown roots of most varieties.

Besides these Perennials we grow several others in limited quantities. These will be found listed in our Retail Catalogue, and on which we will be pleased to quote upon receipt of your list of wants.

We will supply 5 plants at the rate for 10, 25 at the 100 rate, and 250 at the 1000 rate. Orders calling for less than 5 of a kind are subject to an advance in price of 25 per cent to reimburse us for the extra labor involved in executing them.

Decorative and Flowering Plants

For culture under glass

Agapanthus • African Lily
A splendid ornamental plant, producing a profusion of large clusters of bright blue and pure white flowers. When planted in large pots or tubs, there is no finer plant for lawn, terrace, or piazza.

Aucuba
The Evergreen Window-Box Plant
japonica variegata. Japan Golden-leaved Laurel. Laurel-like foliage, spotted with bright yellow. Excellent for both summer and winter decoration in hotel and residence window-boxes.

Aspidistra
lurida. Very robust growth; dark green foliage. Each 5½-in. pots, 10 leaves, medium $1.50

Azaleas for Growing On
forcing sorts
Indica. April and May delivery. Two-year-old grafted plants from the bench, crowns cut back to 5 to 6 inches diameter. These, if given proper culture, can be grown the same season into crowns about 1 foot across. $75 per 100.

Blushing Bride Mrs. F. Sanders
Empress of India Mme. Petrick
Jean Haerens Mme. Van der Cruyssen
Prof. Walters Vervaeana

Own-root varieties
Strong plants from flats, for lining out $25 per 100

Hexe. Semidouble; crimson
Lorraine. Semidouble; rose

Azaleas, Hard evergreen, see page 5. deciduous azaleas, see page 7.

Boxwood (Buxus sempervirens)

Fine decorative pyramids. Each 10
22 to 24 in. high, 12 to 14 in. diam. at base. $250 per 100. $3.00 $27.50
28 to 30 in. high, 14 in. diam. at base. 4.00 37.50
34 to 36 in. high, 15 to 17 in. diam. at base. $5.00 50.00
36 to 38 in. high, 20 to 22 in. diam. at base. 7.00 65.00
40 to 44 in. high, 24 to 26 in. diam. at base. 15.00 125.00
Globe Form. 15 in. high, 15 in. diam. $425 per 100. 5.00 45.00

Camellia japonica
Strong, well-branched plants in choice colors.

Auguste Del fosse. Double. Red.
Cammellia japonica, continued

Wholesale plant for lawn, terrace, or piazza.

Japan Golden-leaved Laurel.

Laurica variegata.

Lurida. Very robust growth; dark green foliage. Each 

5½-in. pots, 10 leaves, medium $1.50

lurida variegata. Sold out, all sizes.

Auguste Del fosse. Double. Red.

Camellia japonica, continued

Ferns
Silver Queen. The most beautifully variegated of all the Euonymus. The broad, green, leathery leaves have a wide white margin and they withstand adverse conditions for a long time, therefore make an excellent plant for florists' baskets. 3-in. pots, $3.00 for 10, $25 per 100.

Bostoniensis and Dwarf Boston. 5½-in. pots. $7.50 $75.00

Ficus
elastica. 2½-in. pots. Ready in April. $25 per 100.
repens (pumila). Excellent for hanging-baskets or for covering greenhouse walls. 3-in. pots, $25 per 100.

Clivia (Imantophyllum)

miniata. Orange and yellow flowers. Each 6-in. pots $2.50 7-in. pots $3.00

Croton
Strong, thrifty plants in six best and most distinct varieties for basket-work and bedding. 10 100

Massangeana. Green leaves, yellow stripe through center; also fragrans Lindeni, yellow leaves, green stripe through center. 2½-in. pots, 6 in. high $6.00 $50.00 4-in. pots, 8 in. high 11.00 100.00 5½-in. pots, 12 to 15 in. high 15.00 140.00 5½-in. pots, 15 to 18 in. high 20.00 190.00 6-in. pots, 18 in. high 25.00 250.00 7-in. pots, 18 to 24 in. high 35.00 350.00 fragrans. Plain green leaves, similar to Massangeana. Withstands abuse and is excellent for decorations. 5½-in. pots, 15 in. high 12.50 100.00 5½-in. pots, 18 in. high 17.50 150.00 6-in. pots, 18 to 24 in. high 25.00 200.00 Godseffiana, Keller's Variety. A trailing species with dark green, leathery foliage having creamy white spots. A basket plant of distinction. 2½-in. pots 3.00 25.00 3-in. pots 4.00 35.00 3½-in. pots 5.50 50.00

Euonymus for filling baskets

Dracaena

Silver Queen. The most beautifully variegated of all the Euonymus. The broad, green, leathery leaves have a wide white margin and they withstand adverse conditions for a long time, therefore make an excellent plant for florists' baskets. 3-in. pots, $3.00 for 10, $25 per 100.

Bostoniensis and Dwarf Boston. 5½-in. pots. $7.50 $75.00

Bobbink & Atkins
Heart Cypress Tubs

Much can be said in praise of the wood our tubs are made from, namely, "Heart Cypress," but briefly, it has proved to be decidedly superior to all other woods, not only in durability but in appearance. It does not need a coating as a filler, as the wood naturally contains a certain amount of oil. Consequently it does not warp, shrink, or swell, and in general it is the wood for plant-tubs.

Our workmanship on these tubs is equally good. No tub goes from our shops that has not been thoroughly made, and made to last for years, and our tubs are serviceable for practically every situation.

Sometimes architectural features will call for a more decorative tub, and for such purposes we have designed various other kinds in addition to the ordinary round tub.

Among them the most popular are the square tubs, Nos. 1, 2, 11, 12, 13, which are illustrated here. The prices have been computed so as to be as low as is possible to make them, consistent with the quality of tub we turn out.

If you need tubs, buy good ones, and they will last you for many years. Most tubs, of course, look alike in the store when they are freshly painted, but it is only after using them for a year or so that their value can be realized.

Bobbink & Atkins' tubs are made not only to look nice, but to last. The designs here mentioned are a few of the many that we make. If you need a special design, we can make it, and will be glad at any time to quote you a price upon any size you may need, if you will be kind enough to furnish a rough sketch showing desired shape.
